ABOUT US

ENTIRE Battery is one of the pioneer manufacturers and suppliers of wide range of Batteries in India. We offer Automotive Batteries, Inverter Batteries, Solar Batteries, E-Rickshaw Batteries, UPS Battery and Bike Batteries, which are acclaimed by the clients for their proper functioning, long power backup, and optimum performance. The complete range of Automotive and Inverter Batteries is manufactured using best quality raw material to ensure international quality standards at the industry leading prices.

We are backed by a well-equipped infrastructure facility, which has highly advanced and upgraded machines to manufacture quality products with a better production rate. We have employed a team of highly skilled professionals who possess rich industry experience and domain knowledge. Being a client centric organization, we have well established the distribution network, which delivers high quality batteries on time at client place. Under the precious guidance of our mentor Shri Mukesh Jain, we are able to touch the heights of success within short span of time across the globe.

OUR MISSION & VISION

Together we can - Together we will

Excellent organizations achieve and sustain outstanding levels of performance that meet or exceed the expectation of all stake holders. In our journey towards excellent and secure a sustainable future, the following shall be our organizations vision mission and core values.

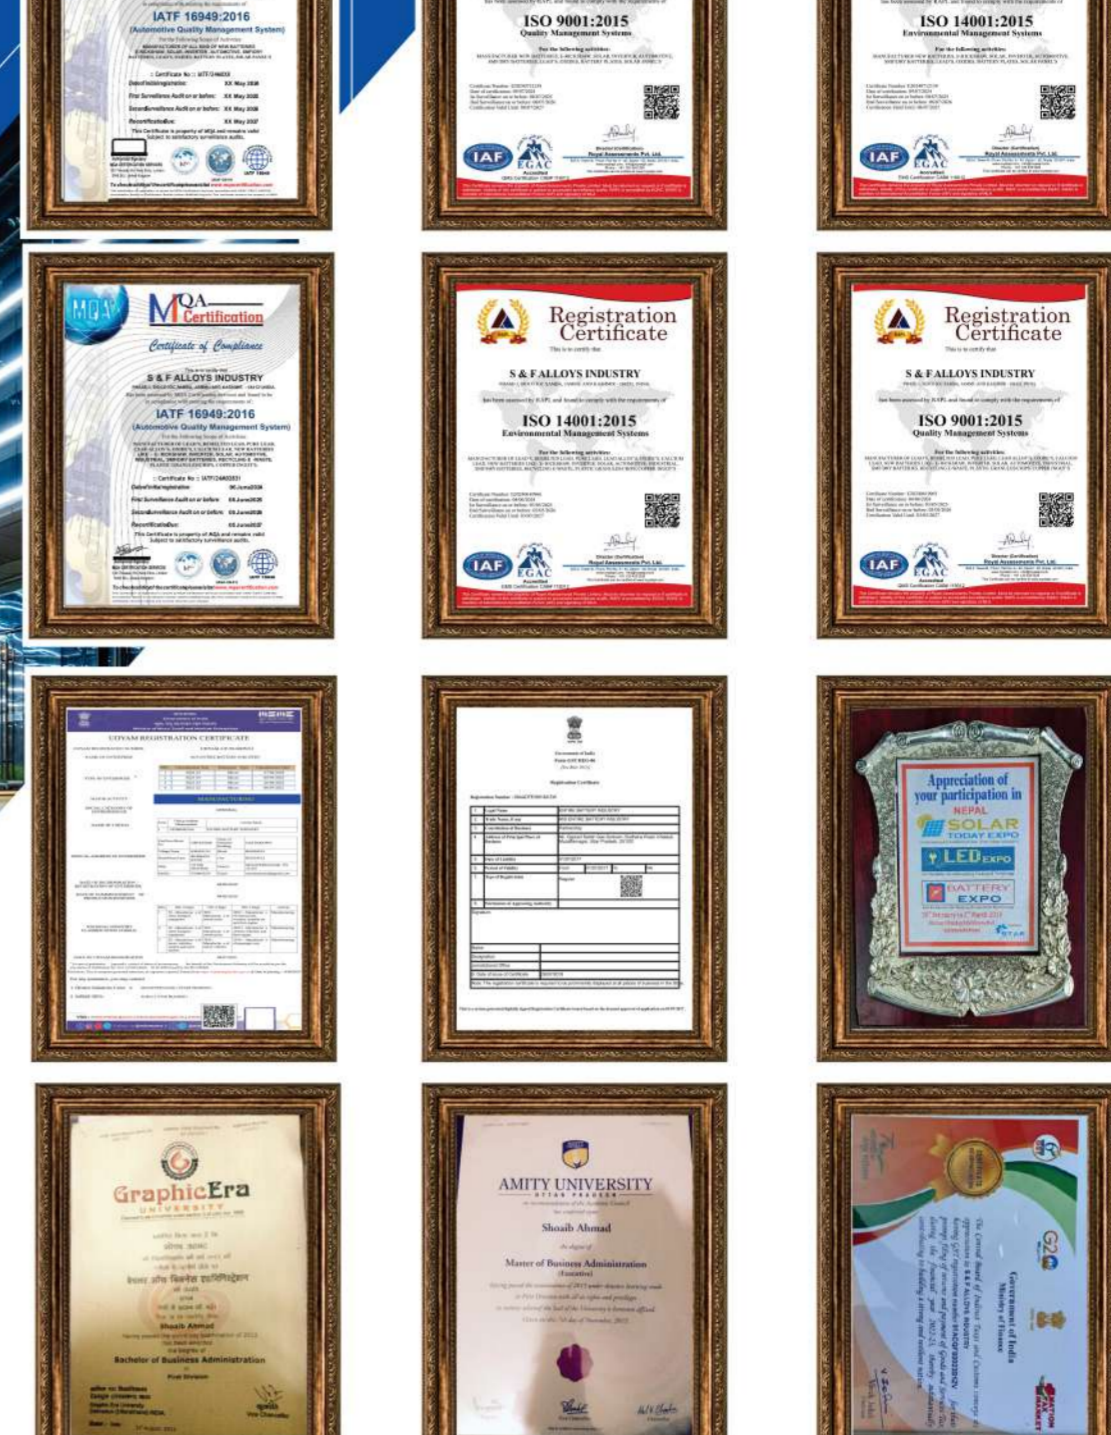

There are the fundamentals to the purpose of our existence and shall be percolated to all levels and Practiced by all in our processes activities and behaviour.

Mission

To out perform at market exceeding expectations of Customers through the accelerated evolution of people, Process and Technologies in its journey towards excellence.

Vision

To become a global Power house respected by Customers and preferred by investors known for Innovative products and solutions.
